Please read this document carefully as certain terms and conditions may have changed.

Avidyne is committed to supporting its products for the long term and over the years we have worked hard to keep costs down for you. AeroPlan™, our high-value extended warranty program, is an important step toward enhancing your Avidyne ownership experience and to reducing your long term cost. When your aircraft has a post-warranty maintenance event, it can be inconvenient and costly. AeroPlan™ is the best way to ensure that you have peace of mind and proper coverage against unforeseen repairs. AeroPlan™ saves you even more money while ensuring long-term protection for your avionics investment. **Please read this document carefully as certain terms and conditions may have changed.**

Existing FlexCare™ Owners

Current *Entegra* FlexCare™ owners can elect to remain under their current plan. However, once your current FlexCare™ plan expires you will not have the option to renew FlexCare™. If you wish to continue extended warranty coverage, you can elect to do so with *AeroPlan™*.

AeroPlan™ Extended Warranty Service Plan Pricing

Owners have the choice of purchasing one, two, or three-year plans that are designed to significantly reduce your cost of ownership. In order to maintain the benefits of AeroPlan™ and the reduced renewal plan pricing, owners must maintain continuous *AeroPlan™* coverage.

For *Entegra* owners currently out of warranty, buy-in pricing varies depending on whether your system is fully functioning at time of enrollment.
